* For example, public authorities, universities, regional development agencies etc.

Topic of cooperation - We would like to cooperate in projects for INTERREG Europe Programme

We plan to cooperate under the specific programme objective no.	
We plan to deal with the following policy instrument	
Issue addressed by the policy instrument/expected change	
Our competence and experience in the issue addressed by the policy instrument	The Regional Innovative Cluster Bucharest – Ilfov for Mechatronics - "MECHATREC" was founded as an associative entity - cluster - in 2010 (based on National Science Cluster "MICRONANOMECA") and has APROMECA – the Professional Association of Romanian Patronage from Industry of Precision Mechanics, Optics and Mechatronics, which have legal personality, as Cluster Management Entity, since 2013.

"MECHATREC" Cluster has 107 entities, of which 71 are SMEs.

The overall objectives of the "MECHATREC" Cluster are:

- development of the institutional capacity of MECHATREC Cluster, improve the SMEs competitiveness, both on Bucharest - Ilfov region, and at national and international level and improvement of the competitive position of the cluster and its members on international level;
- public-private investment attraction in Bucharest-Ilfov region and in other regions of the country and increase the number of employees in R & D, industry and innovative business in the region and in Romania.

The MAIN ACTIVITIES of "MECHATREC" Cluster focuses on:

- Research - Development - Innovation for the creation and development of smart high-tech innovative products and technologies;
- Intelligent manufactures and collaboration between them and support the commercial activities;
- Information, communication, promotion, branding and public relations;
- Consistent Technology Transfer and implementation through valorisation of the R & D results;
- Training, qualification and development of human resource skills, both in cluster, and outside it;
- National and international Cooperation of SMEs and competent units of the cluster with other clusters in Romania and EU;
- Networking and internationalization, best practices exchanges.
